WHAT YOUR SPONSORSHIP MEANS TO US

It's never been a better time to invest and partner with Heaton Mersey Cricket club. I have the huge pleasure of being the Chairperson for a fully inclusive and diverse club that sits at the very heart of the Heaton's community. We pride ourselves on our links with the local schools, offering free coaching and equipment to junior schools and the free use of our nets and ground to local senior schools. Membership has soared over the last few years which has given us a fantastic platform to build on and I'm truly delighted to have the opportunity to assist with that. Now as we approach 150 years it is time to progress the club further and this is where we need your help. Any donations or sponsorship would be hugely appreciated as we build the club for the next generation of women, men and junior cricketers.

Graham Isaacs, Chair

I'm delighted to be Head of Men's Cricket at such an exciting time for the club. We have four Men's teams covering all abilities, and a great junior setup delivering quality cricketers in an enjoyable environment. We are devoted to providing the best coaching for both our Men's, Women's and junior cricketers, and a dedicated pathway for those junior cricketers to succeed in adult cricket as they develop. Most of all we are dedicated to promoting a love of the game and making HMCC a social hub for our players, members and supporters.

James Wickham, Head of Men's Cricket
